

**The Tool You Have Always Wanted For
“Reference Information”
On Nutrition Application That Will
Enhance Your Practice**

James W. McAfee will be speaking locally at the long-awaited launching of his new book *Your Body’s Sign Language: Clues to Nutritional Well-Being*. This book has been 20 years in the writing and each chapter, while easy and fascinating reading for the layperson, contains 40 to 80 medical references drawn from the most reputable sources. This is a reliable reference for the professional as a resource for the lending library or office assistants. It is already being considered by some for use as a training textbook.

As a speaker James is mesmerizing. He is always on top of the most current nutritional information. He is also an entertaining and informative presenter. He has appeared on a number of radio and television shows.

You are cordially invited to attend a reception and illustrated lecture locally:
