

IMAGE AWARENESS WELLNESS INSTITUTE

Dear Program Chairperson,

Jim McAfee, CCN, ThM, is a Board Certified Clinical Nutritionist and author of a new book entitled *Your Body's Sign Language: Clues to Nutritional Well-Being*. In order to promote the book we would like to make available a presentation for your organization at lunch or some other convenient time. Presentation formats are available for anywhere from 20 minutes to two hours. In addition we periodically have presentations available at our headquarters at 1271 High Street in Auburn, if you have members who would be interested in the topic of the book.

This book is the result of over 35 years of research in the nutrition field. The book provides a detailed discussion of visible indicators or signs of nutritional deficiencies and incipient disease. All these signs are referenced to medical literature. Detailed information on the book is available by accessing the following web site:

If you are interested in pursuing a presentation or booksigning for your organization please feel free to contact us at the following:
